## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On August 30, 2021, the Department of Justice lodged a Consent Decree with the United States District Court for the District of Arizona in *United States v. Gear Box Z, Inc.*, Civ. No. 3:20-08003-PCT-JJT.

The proposed Consent Decree settles claims brought by the United States for violations of the Clean Air Act arising from Defendant's manufacture, offers for sale, and sale of motor vehicle parts that bypass, defeat, and/or render inoperative the vehicle's installed emission controls, commonly known as "defeat devices." See 42 U.S.C. 7522(a)(3)(B). The Consent Decree resolves these claims and prohibits Defendant and its two owners (collectively, "the GBZ Parties") from: (1) Manufacturing, selling, or installing defeat devices; (2) investing in or obtaining revenue from defeat devices, including from other companies or ventures; and (3) providing technical support or honoring warranty claims for defeat device products. In addition, the

Consent Decree requires the GBZ Parties destroy any remaining defeat devices in their inventory or possession, surrender all intellectual property associated with defeat devices to EPA, and report periodically on their future involvement in the automotive industry. It also requires the GBZ Parties to pay a civil penalty of \$10,000, which was based on their financial situation.

## DEPARTMENT OF LABOR

### Employment and Training Administration

#### Notice of a Change in Status of the Extended Benefit (EB) Program for California, Connecticut, Illinois, Nevada, and Texas

**AGENCY:** Employment and Training Administration, Labor.

**ACTION:** Notice.

This notice announces a change in benefit period eligibility under the EB program that has occurred since the publication of the last notice regarding the States' EB status:

- Based on the data released by the Bureau of Labor Statistics on August 20, 2021, the seasonally-adjusted Total Unemployment Rate (TUR) for Connecticut fell below the 8.0 percent threshold necessary to remain "on" a High Unemployment Period in EB. Therefore beginning September 11, 2021, the maximum potential entitlement for claimants on EB in Connecticut will decrease from 20 weeks to 13 weeks. Also, the seasonally-adjusted TUR for Texas fell below the 6.5 percent threshold necessary to remain "on" EB, thus the EB payable period for Texas will end on September 11, 2021.

- In addition, language in state laws which conditioned the applicability of the TUR trigger on full Federal funding resulted in "off" indicators for California, Illinois, and Nevada for the week ending August 21, 2021. This will end any payable period associated with the TUR trigger for these states on September 11, 2021.

The trigger notice covering state eligibility for the EB program can be found at: [http://ows.doleta.gov/unemploy/claims\\_arch.as](http://ows.doleta.gov/unemploy/claims_arch.as).

#### Information for Claimants

The duration of benefits payable in the EB program, and the terms and conditions on which they are payable, are governed by the Federal-State Extended Unemployment Compensation Act of 1970, as amended, and the operating instructions issued to the states by the U.S. Department of Labor.

Persons who believe they may be entitled to EB, or who wish to inquire about their rights under the program, should contact their State Workforce Agency.
